Mobility Platform: first internships and a scholarship programme for PhD students already available

The Universitat Rovira i Virgili published the first two internships in our mobility platform, both taking place at the University’s International Center.

Another opportunity available is a scholarship programme for PhD students provided by the University of Szczecin. You can find more information in this newsletter and on the mobility platform’s website.

Call of Interest CALOHEx

Do students enrolled in higher education around Europe develop the competences they need? Are study programmes delivering their promises? Can we learn to compare student’s achievements in different countries in a meaningful way?

The new EU funded project, CALOHEx, in which SGroup is a full partner and member of the Advisory Board, will help to find the answers to these questions by developing the infrastructure that will eventually make it possible to test bachelor and master students’ performance Europe-wide across a range of fields.
