### CALL FOR ABSTRACTS

The Cyprus Rectors' Conference is pleased to announce a call for abstracts for the 3<sup>rd</sup> Doctoral Colloquium taking place on Saturday, April 13, 2024, at the University Cyprus. The Colloquium provides an opportunity for doctoral students to present their work in progress, engage with other doctoral students, and receive feedback from fellow students, as well as from faculty members and visiting scholars.

Students will be able to exchange knowledge, experiences, best practices, advice and constructive feedback. The Colloquium will facilitate students to expand their network with other students and experienced scholars and to possibly kick-start collaborations for publications. In addition, University faculty members can share their knowledge on doctoral research and offer useful insights successfully completing a PhD.

This event will take place only in face-to-face mode and participation is free of charge.

Doctoral students may submit their abstract in Greek or English. Authors with an accepted abstract will be presenting their research through a fifteen-minute-presentation, in the same language as their submitted abstract.

### Organising Committee

Vice Rectors of all Cypriot Universities.

### Scientific Committee

- Professor Tatiana-Eleni Synodinou, Vice-Rector for Academic Affairs, University of Cyprus
- Professor Marios Vryonides, Vice-Rector for Research and External Affairs, European University Cyprus
